Maggie Hickey
Executive Inspector General of Illinois
Office of Executive Inspector General, Division of Investigations
69 West Washington Street, Suite 3400
Chicago, IL 60602

Inspector General Hickey:

It has been brought to our attention that records and information from Governor Bruce Rauner's administration and the Illinois State Board of Education were provided to a political group funded by the governor's campaign. This is disturbing. The citizens of Illinois deserve honesty and integrity at every level of government.

Please consider this a formal request that your office research and investigate this situation.

If you or your office need additional information or have questions, please contact us.
